EDUCATION

University Technician Degree in Programming (Tecnatura Universitaria en Programación) **Mar 2022–Apr 2026**

National University of Salta, Salta, Argentina

- Awarded: University Technician in Programming.
- Final project: Municipal General Accounts Submission System, built with React and Spring Boot.
- Coursework: low-level programming in assembler and high-level programming in Java and Python; applied mathematics (floating-point arithmetic, mathematical and algebraic analysis, among others).

BSc in Systems Analysis (Licenciatura en Análisis de Sistemas) **Mar 2022–present**

National University of Salta, Salta, Argentina

- Ongoing undergraduate degree focused on the analysis, design and management of information systems and data structures.

Full-Stack Web Development **Aug 2024**

Codo a Codo 4.0, Buenos Aires, Argentina (remote)

- Intensive web development course using JavaScript and Node.js.

EXPERIENCE

Web Developer **Jun 2024–Oct 2026**

General Audit Office of the Province of Salta, Salta, Argentina

- Joined a team of 3 developers with growing responsibilities: started as an intern (Jun 2024 – Jun 2025) and moved to a contract role (Jun 2025 – Oct 2026).
- Managed the local, staging and production databases, as well as the infrastructure hosting the system.
- Developed and maintained, using React and Spring Boot, a system for digitising data from municipal submissions of the Annual General Accounts (Cuentas Generales de Ejercicios).
- Implemented a notification and communication system with the municipalities.
- Built an audit module to examine the uploaded data, organise procedures and work plans, and issue reports.
- Coordinated tasks and code reviews with the team, and documented the delivered solutions.

Independent Software Developer **Aug 2024–present**

Freelance, Salta, Argentina

- Develop custom management systems for SMEs: stock and inventory control, repair tracking, and end-to-end management for a laundry business.
- Gather requirements, develop, deploy and support the delivered solutions.
